

JOHN DRAIN MURDERED AT SELIGMAN FRIDAY

John Drain, an old time resident of this county was stabbed and killed at Seligman last Thursday night by burglars who had broken into J. A. Pitts store at that place. Drain was a watchman and slept in the store. He had been out visiting some friends and returned to the store at about 9:00. As he entered one of the burglars, who was stationed at the front door, grabbed Drain and stabbed him to death. Drain was pretty well along in years and could make no effective resistance. Another burglar had been drilling on the safe in an expert manner when discovered. It was found that seventeen six shooters and ammunition had been stolen by the thieves who made their escape.

Drain had formerly lived at Williams but of late years had made his home at Seligman.

Sheriff Pulliam and County Attorney Wilson went to Seligman the next morning to investigate the affair, since it occurred so close to the county line.

The remains were brought to Flagstaff where funeral services were held Monday, attended by many old time friends of the deceased.

James Drain a brother from Kansas and Felix Drain another brother who had been visiting at Seligman for the past month, Thomas Drain a nephew, of Seligman, and Mike McBride an old time friend, were here to attend the funeral Monday.

A petition for a new trial in the case of Carl Eiberger has been filed by the Santa Fe. Eiberger was injured while breaking on that road and given a verdict for \$25,000 damages.

LEE NEWMAN IS A SUCCESSFUL CANDIDATE

R. "Lee" Newman, an old time Flagstaff boy, was the successful candidate on the republican ticket in Navajo county for sheriff and from all indications will make a winning race this fall. Lee is well known all over Coconino county, having first come to this county in 1877 and about nine years ago moved to Navajo county. His numerous friends in Coconino county are mighty well pleased at his success and knowing his sterling worth and ability are confident that he will make our eastern neighbors a most competent officer. He has been a hustler from boyhood and always successful in his business affairs; honest, fearless and a stayer on any old proposition he undertook. He has the qualities that go toward making a splendid officer and has heaps of good wishes in this section for his success.

Celebrate Mexican Holiday

The Mexican people fittingly celebrated the 16th of September, a Mexican holiday, which corresponds to our Fourth of July, by a grand ball at the Majestic theatre Wednesday evening. The theatre was crowded with celebrators, many coming from Williams to join in the festivities. Ramos Bros. furnished the music for the occasion, and the whole entertainment went off in a highly pleasant and enjoyable manner.

Romantic Weeding

Mr. Hugh P. Evans, assistant in charge of the Evans school was married Saturday morning to Miss Gladys Dorothea Beryl Anderson who arrived that morning from London, England. It was the culmination of a youthful courtship in merry England.

Will Build an Armory

Captain E. M. Robison has a plan of a new \$10,000 armory building and from now on will put in a big share of his time in seeing that it is constructed at an early date. It is necessary for him to raise \$5,000 here, the state will put in the other \$5,000 when he has completed his part of the task. A new armory would be a valuable thing for Flagstaff and would provide a place for conventions and other meetings where a large seating capacity is required. Many conventions could be held here if accommodations could be secured aside from the many times it would prove a great advantage for local purposes.

Company I is growing rapidly and are badly in need of better and larger quarters.

COMPLETION OF RESERVOIR NOT DELAYED BY AUTO SMASH

It is alleged that the smashing of the big auto truck, owned and operated by the Sharp & Fellows Contracting Co., through the platform scales in front of the hardware entrance to Babbitt Bros., store Tuesday, will not delay the completion of the big reservoir. The truck was loaded with about ten tons of finishing material for the reservoir and upon backing onto the scales went through, the load being too much for a five ton weighing apparatus. The truck was jacked out of the pit and resumed business.

Supt. Sullivan Injured

Superintendent Sullivan of the city reservoir work, was thrown from his auto Saturday a couple miles out of town by a broken tire and considerably bruised up. It is reported that the car turned over three times after the tire burst, but in some manner Sullivan escaped serious injuries.
